Index to Volume 43, 1980

Page numbers preceded by '(L)' refer to Letters.

ABBOTT, R. J., BROWNING, M. C. K., and DAVIDSON, D. L. W.: Serum prolactin and cortisol concentrations after grand mal seizures, 163

ABBRUZZESE, G., ABBRUZZESE, M., FAVALE, E., IVALDI, M., LEANDRI, M., and RATTO, S.: The effect of hand muscle vibration on the somatosensory evoked potential in man: an interaction between lemniscal and spino-cerebellar inputs? 433

ABBRUZZESE, M. *See* ABBRUZZESE, G., ABBRUZZESE, M., *et al.*

ABDALLAT, A., DAVIS, S. M., FARRAGE, J., and MCDONALD, W. I.: Disordered pigmentation, spastic paraparesis, and peripheral neuropathy in three siblings: a new neurocutaneous syndrome, 962

ABRAHAM, P. *See* SEDGWICK, E. M., ILLIS, R. C., *et al.*

Abscesses, intramedullary, complicating spinal dysraphism, 1045

Accessory nerve, palsy, caused by biting, 744

Acetylcholine receptor antibodies, in myasthenia gravis, 568

Acetylcholine receptors, myasthenia gravis, loss mechanisms, 601

Action potential amplitudes, compound, sensory nerve, variation with sex and finger circumference, 925

Action tremor, in Parkinsonism, 257

ADAMS, C. B. T. *See* ARTIOLA I FORTUNY, L., ADAMS, C. B. T., *et al.*

ADAMS, C. B. T. *See* FEARNSIDE, M. R., and ADAMS, C. B. T.

ADAMS, R. N. *See* DRACHMAN, D. B., ADAMS, R. N., *et al.*

Addison's disease, hyperkalaemic paralysis, neuropathy, persistent motor neuron discharges at rest, in, 818

Adrenal response, in benign intracranial hypertension, 136

Adults, hydrocephalus and tuberculous meningitis in, 188

AEBELHOLT-KRABBE, A. *See* TFELT-HANSEN, P., OLESEN, J., *et al.*

Afferent conduction times, central, in multiple sclerosis, 948

Age, effects on surgical mortality in an aneurysm population, 879

Age, effects on touch detection, finger, relationship with histology, 730

Age, indoleamine metabolism and, 438

Air embolism, arterial, causing Brown-Sequard syndrome (L), 372

Alcoholic neuropathy, quantitative electrophysiological study, 427

ALLONBY, I. D. *See* SAGAR, H. J., DAVIES-JONES, G. A. B., *et al.*

α-neuraminidase deficiency, cherry-red spot myoclonus syndrome and, 934

Alpha pattern coma, neurophysiological assessment, 63

4-aminopyridine, Eaton-Lambert syndrome, treatment, clinical and electrophysiological study, 978

Amnesia, post traumatic, measuring the duration of, 377

Amnesia, transient global, possible hippocampal phenomenon, 285

Amplitude, sensory evoked potentials, wrist, left-handed subjects, 182

Anal sphincter muscle, external, increased motor unit fibre density, in ano-rectal incontinence, single fibre EMG study, 343

ANDERSON, G. M. *See* YOUNG, S. N., GAUTHIER, S., *et al.*

Anderson-Fabry disease, basilar artery aneurysm and, 85

ANDREASSEN, S., and ROSENFALCK, A.: Regulation of the firing pattern of single motor units, 879

ANDREASSEN, S. *See* ROSENFALCK, A., and ANDREASSEN, S.

Aneurysms, basilar artery, Anderson-Fabry disease and, 85

Aneurysms, giant, carotid system, presenting as visual field defect, 1053

Aneurysms, subarachnoid haemorrhage, computed tomography in, 522

Aneurysms, subarachnoid haemorrhage, fibrinolytic activity monitoring in cerebrospinal fluid after, 175

Aneurysms, surgery for, treatment of raised intracranial pressure following, 957

Aneurysms, surgical mortality after treatment for, effects of age, hypertension, and preoperative neurological state, 879

ANGEL, R. W., WAXMAN, S. G., and KOCSIS, J. D.: Myoelectric silence following unopposed passive stretch in normal man, 705

Ano-rectal incontinence, increased motor unit fibre density, external anal sphincter muscle in, single fibre EMG study, 343

Anodally blocking, large nerve fibres, chronically implanted electrodes, 1083

Anomia, colour, left visual hemifield, after splenial disconnexion, 719

Anterior tibial compartment syndrome, acute bilateral, in diabetes, after Caesarian section, 88

ANTHONY, M. *See* LANCE, J. W., and ANTHONY, M.

Anti-acetylcholine receptor antibodies, in myasthenia gravis, 590

Anti-acetylcholine receptor antibody patterns, patient-specific, in myasthenia gravis, 316

Anti-acetylcholine receptor antibody titres, in serum, in myasthenia gravis treated with plasma exchange combined with immunosuppressive therapy, 397

Antibodies, acetylcholine receptor, in myasthenia gravis, 568

Antibodies, anti-acetylcholine receptor, in myasthenia gravis, 590

Antibody patterns, anti-acetylcholine receptor, patient-specific, in myasthenia gravis, 316

Antibody titres, anti-acetylcholine receptor, in serum, in myasthenia gravis treated with plasma exchange combined with immunosuppressive therapy, 397

Anticonvulsant drugs, effect on 5-hydroxytryptamine metabolism, 438

Antiserotonin agents, pizotifen, effect on platelet aggregability in migraine, 1138

ANTONI, E. *See* STÅLBERG, E., and ANTONI, L.

Aphasia, sound recognition in relation to aural language comprehension in, 71

Apraxia, ideomotor, left hemisphere damage and, CAT correlation, 118

Arachidonate and linoleate levels in erythrocytes, in multiple sclerosis, compared with control subjects, 106
Arms, mirror movements of left arm following peripheral damage to preferred right arm, 768
Arms, motor involvement in syringomyelia, single fibre EMG study, 150
ARMSTRONG, D. *See* JANKOVIC, J., DERMAN, H., *et al.*
Arterial air embolism, causing Brown-Sequard syndrome (L), 372
Arterial hypotension and hypertension, effects on cerebrospinal fluid pulse pressure and intracranial volume-pressure relationships, 222
Arterial spasm, cerebral, hypercalcaemia and, causing cerebral infarction, 464
Arteriovenous malformations, cerebral, neuropathology of, in children, 380
ARTIOLA i FORTUNY, L., ADAMS, C. B. T., and BRIGGS, M.: Surgical mortality in an aneurysm population: effects of age, blood pressure and preoperative neurological state, 879
ARTIOLA i FORTUNY, L., BRIGGS, M., NEWCOMBE, F., RATCLIFF, G., and THOMAS, C.: Measuring the duration of post traumatic amnesia, 377
ARUFFO, C. *See* ESCOBAR, A., and ARUFFO, C.
Astrocytic differentiation, medullablastoma, 1041
Ataxia, choline chloride in, 452
Ataxia, Friedreich's, lecithin in, effects on disability and plasma free-choline levels, 843
Ataxia, Friedreich's, lipids and lipoproteins in, 111
Ataxia, Friedreich's, peripheral and central somatosensory nerve conduction defects in, 495
Auditory brainstem responses, assessment of brainstem damage by, in acute severe head injury, 1005
AUGHTON, M. E. *See* BROOKS, D. N., AUGHTON, M. E., *et al.*
Aural language comprehension, sound recognition, relationship between, in aphasia, 71
Australia, endemic neurological disorder in tribal aborigines, 661
Autoantibodies, myasthenia gravis, clinical and immunological associations, 967
Autoimmune experimental myasthenia gravis, 634
Autoimmune responses, in myasthenia gravis, experimental, 568
Autonomic control, cardiovascular reflexes, in narcolepsy, 535
Autosomal dominant hereditary muscle carnitine palmitoyltransferase and carnitine partial deficiency, 679
Autosomal recessive hereditary motor and sensory neuropathy, 669
AVANZINI, G. *See* FRANCESCHETTI, S., UZIEL, G., *et al.*
AVEZAAT, C. J. J., VAN EIJNDHOVEN, J. H. M., and WYPER, D. J.: Effects of hypercapnia and arterial hypotension and hypertension on cerebrospinal fluid pulse pressure and intracranial volume-pressure relationships, 222
Axonal refractory period, single short toe extensor motor units, 917
Axonal transport, blockage, by graded compression of the vagus nerve, 690

Baclofen, DS103–282, and placebo, spasticity, suppression of, double-blind comparison, 1133
BAJADA, S., MASTAGLIA, F. L., BLACK, J. L., and COLLINS, D. W. K.: Effects of induced hyperthermia on visual evoked potentials and saccade parameters in normal subjects and multiple sclerosis patients, 849
Balancing, clinical test in differential diagnosis of sensory-motor disorders, 407
BALLANTYNE, J. P., HANSEN, S., WEIR, A., WHITEHEAD, J. R. G., and MULLIN, P. J.: Quantitative electrophysiological study of alcoholic neuropathy, 427
BALLANTYNE, J. P. *See* WEIR, A. I., HANSEN, S., *et al.*

Spinal cord stimulation in multiple sclerosis: clinical results L S ILLIS, E M SEDGWICK, AND R C TALLIS 1
Evoked potentials and contingent negative variation during treatment of multiple sclerosis with spinal cord stimulation E M SEDGWICK, L S ILLIS, R C TALLIS, A R D THORNTON, P ABRAHAM, E EL-NEGAMY, T B DOCHERTY, J S SOAR, S C SPENCER, AND F M TAYLOR 15
Two methods of measuring muscle tone applied in patients with deliberate rigidity S A TSEMENTZIS, F J GILLINGHAM, A GORDON, AND M D LAKIE 25
Controlled study of 24-hour ambulatory electrocardiographic monitoring in patients with transient neurological symptoms LINDA M LUXON, ALEC CROWTHER, MICHAEL J G HARRISON, AND D JOHN COLTART 37
Cricopharyngeal myotomy in motor neurone disease L A LOIZOU, M SMALL, AND G A DALTON 42
Motor neurone disease and hyperthyroid Graves' disease: a chance association? JOHN MCMENAMIN AND MICHAEL CROXON 46
Electrodiagnostic confirmation of long thoracc nerve palsy PAUL E KAPLAN 50
Hereditary aspects of median-ulnar nerve communications CAROLYN A CRUTCHFIELD AND LUDWIG GUTMANN 53
Measurement of rise time of averaged muscle action potential in normal subjects and patients with myopathy A J R SIMONS 56
Neurophysiological assessment of alpha pattern coma J A OBESO, M I IRAGUI, J F MARTI-MASSO, E MARAVI, J M TEIJEIRA, N CARRERA, AND J TEIJEIRA 63
Platelet monoamine oxidase activity in epilepsy Z L KRUK, ADRIENNE MOFFETT, AND D F SCOTT 63
Sound recognition in relation to aural language comprehension in aphasic patients NILS R VARNEY 68
Haemorrhagic complications of multiple sclerosis JOSEPH JANKOVIC, HOWARD DERMAN, AND DAWNA ARMSTRONG 71
SHORT REPORTS: 76
Carpal tunnel syndrome: an unusual presentation of brachial hypertrophy K T SHENOY, P K SAHA, AND M RAVENDRAN 82
Basilar artery aneurism and Anderson-Fabry disease D N MAISEY AND J A COSH 85
Acute bilateral anterior tibial compartment syndrome after Caesarian section in a diabetic BRYAN LECKY 88
Brain hydatidosis: report of two cases A FABIANI, F TREBINI, AND R TORTA 91
Book reviews 95

No 2 FEBRUARY 1980

Neck–tongue syndrome on sudden turning of the head JAMES W LANCE AND MICHAEL ANTHONY 97
Relation between benign course of multiple sclerosis and low-grade humoral immune response in cerebrospinal fluid LENA STENDAHL-BRODIN AND HANS LINK 102
Levels of linoleate and arachidonate in red blood cells of healthy individuals and patients with multiple sclerosis SHERYL T HOMA, JOANNA BELIN, A D SMITH, JEAN A MONRO, AND K J ZILKHA 106
Lipids and lipoproteins in Friedreich's ataxia J L WALKER, S CHAMBERLAIN, AND N ROBINSON 111
Is ideomotor apraxia the outcome of damage to well-defined regions of the left hemisphere? A BASSO, C LUZZATTI, AND H SPINNLER 118
Brain damage and neurological outcome after open-heart surgery K A SOTANIEMI 127
Is "benign intracranial hypertension" really benign? S G BARBER AND N GARVAN 136
White matter abnormality in cerebral atrophy: clinicoradiological correlations A R VALENTINE, I F MOSELEY, AND B E KENDALL 139
Accidental ethyl mercury poisoning with nervous system, skeletal muscle, and myocardium injury I CINCA, IRINA DUMITRESCU, P ONACA, A SERBANESCU, AND B NESTORESCU 143
Pattern of segmental motor involvement in syringomyelia: a single fibre EMG study MARTIN S SCHWARTZ, ERIK STÅLBERG, AND MICHAEL SWASH 150
Late responses as aids to diagnosis in peripheral neuropathy T LACHMAN, B T SHAHANI, AND R R YOUNG 156
Serum prolactin and cortisol concentrations after grand mal seizures R J ABBOTT, M C K BROWNING, AND D L W DAVIDSON 163
Association between epilepsy and attempted suicide KEITH HAWTON, JOAN FAGG, AND PAMELA MARSACK 168
Fluvoxamine and clomipramine in the treatment of cataplexy M SCHACHTER AND J D PARKES 171
Monitoring fibrinolytic activity in the cerebrospinal fluid after aneurysmal subarachnoid haemorrhage: a guide to the risk of rebleeding? R S MAURICE-WILLIAMS, Y B GORDON, AND A SYKES 175
Ratio between the amplitude of sensory evoked potentials at the wrist in both hands of left-handed subjects A CRUZ MARTÍNEZ, M C PÉREZ CONDE, F DEL CAMPO, P MINGO, AND M T FERRER 182
Catatonia with frontal lobe atrophy R L RUFF AND L M RUSSAKOFF 185
Hydrocephalus and tuberculous meningitis in adults P K NEWMAN, W J K CUMMING, AND J B FOSTER 188
Letter and Book reviews 191

No 3 MARCH 1980

Page

Evaluation of computed tomography in vascular lesions of the vertebrobasilar territory D P E KINGSLEY, E W RADUE, AND E P G H DU BOULAY 193
Leprosy in peripheral nerves: histological findings in 119 untreated patients in Nepal J C PEDLEY, D J HARMAN, H WAUDBY, AND A C MCDOUGALL 198
Visual field abnormalities in multiple sclerosis V H PATTERSON AND J R HERON 205
A clinical comparative study of multiple sclerosis and neuro-Behçet's syndrome S MOTOMURA, T TABIRA. AND Y KUROIWA 210
Cerebral blood flow after surgery for recent subarachnoid haemorrhage J MERORY, D J THOMAS, P R D HUMPHREY, G H DU BOULAY, JOHN MARSHALL, R W ROSS RUSSELL, LINDSAY SYMON, AND E ZILKHA 214
Effects of hypercapnia and arterial hypotension and hypertension on cerebrospinal fluid pulse pressure and intracranial volume-pressure relationships C J J AVEZAAT, J H M VAN EIJNDHOVEN, AND D J WYPER 222
The relationship between tactile thresholds and histology in the human finger M F BRUCE AND D C SINCLAIR 235
Relative changes with contraction in the central excitability state of the tibialis anterior and calf muscles MORRIS A FISHER 243
Physiological tremor enhanced by manoeuvres affecting the segmental stretch reflex ROBERT R YOUNG AND KARL-ERIK HAGBARTH 248
Action tremor in Parkinson's disease H TERÄVÄINEN AND D B CALNE 257
Oxiperomide in tardive dyskinesia DANIEL E CASEY AND JES GERLACH 264
Successful treatment of paramyotonia congenita (Eulenburg): muscle stiffness and weakness prevented by tocainide K RICKER, A HAASS, R RÜDDEL R BÖHLEN, AND H G MERTENS 268
Interfascicular neurolysis in chronic ulnar nerve lesions at the elbow: an electrophysiological study VIGGO KAMP NIELSEN, OLE OSGAARD, AND WERNER TROJABORG 272
Trichinella thrives in both oxidative and glycolytic human muscle fibres J OCHOA AND C PALLIS 281
Recurrent pain of a pseudotabetic variety after laminectomy for lumbar disc lesion GRAHAM MARTIN 283
Transient global amnesia—a hippocampal phenomenon? J L PONSFORD AND G A DONNAN 285
Letter and Book reviews 288

No 4 APRIL 1980

Treatment for severe head injury B JENNETT, G TEASDALE, J FRY, R BRAAKMAN, J MINDERHOUD, J HEIDEN, AND T KURZE 289
Paroxysmal symptoms as the first manifestations of multiple sclerosis J A TWOMEY AND M L E ESPIR 296
On the role of sensitised T-lymphocytes in the pathogenesis of multiple sclerosis ALAN TURNER, M L CUZNER, A N DAVISON, AND PETER RUDGE 305
A further prevalence study of multiple sclerosis in north-east Scotland D I SHEPHERD AND ALLAN W DOWNIE 310
Patient-specific anti-acetylcholine receptor antibody patterns in myasthenia gravis THERESE SAVAGE-MARENGO, ROGER HARRISON, GEORGE G LUNT, AND PETER O BEHAN 316
Clonus: the role of central mechanisms M R DIMITRIJEVIC, P W NATHAN, AND A M SHERWOOD 321
Neurophysiological mechanisms in abnormal reflex activities in cerebral palsy and spinal spasticity G BAROLAT-ROMANA AND ROSS DAVIS 333
Increased motor unit fibre density in the external sphincter muscle in ano-rectal incontinence: a single fibre EMG study M E NEILL AND M SWASH 343
Abnormal vascular reflexes in Charcot-Marie-Tooth disease A P BROOKS 348
Posterior callosal section in a non-epileptic patient ANTONIO R DAMASIO, HELENA C CHUI, JAMES CORBETT, AND NEAL KASSEL 351

SHORT REPORTS

Cerebral systemic lupus erythematosus: a case report and evaluation of diagnostic tests R A HAZELTON, ALISON C REID, AND P J ROONEY 357
Oxpentifylline in Parkinson's disease R B GODWIN-AUSTEN, J A TWOMEY, G HANKS, AND J HIGGINS 360
Phenobarbitone in previously untreated epilepsy MORGAN FEELY, M O'CALLAGAN, B DUGGAN, AND N CALLAGHAN, 365
A double blind study of metoclopramide in the treatment of migraine attacks P TFELT-HANSEN, J OLESEN, A AEBELHOLT-KRABBE, B MELGAARD, AND B VEILIS 369
Letter and Book reviews 372

Cherry-red spot myoclonus syndrome and α-neuraminidase deficiency: neurophysiological, pharmacological and biochemical study in an adult S FRANCESCHETTI, G UZIEL, S DI DONATO, L CAIMI, AND G AVANZINI	934
Clinical and prognostic correlates of EEG in open-heart surgery patients K A SOTANIEMI	941
Somatosensory evoked responses and central afferent conduction times in patients with multiple sclerosis TROND GANES	948
Acute urinary retention due to sacral myeloradiculitis JAN A L VANNESTE, PETER P M KARTHAUS, AND GARETH DAVIES	954

No 11 NOVEMBER 1980

The treatment of raised intracranial pressure following aneurysm surgery M R FEARNSIDE AND C B T ADAMS 957

Disordered pigmentation, spastic paraparesis and peripheral neuropathy in three siblings: a new neurocutaneous syndrome A ABDALLAT, S M DAVIS, J FARRAGE, AND W I MCDONALD 962

Clinical and immunological associations in myasthenia gravis 1: autoantibodies H J SAGAR, K GELSTHORPE, A MILFORD-WARD, AND G A B DAVIES-JONES 967

Clinical and immunological associations in myasthenia gravis 2: cell-mediated immunity H J SAGAR, G A B DAVIES-JONES, AND I D ALLONBY 971

Eaton-Lambert syndrome: a clinical and electrophysiological study of a patient treated with 4-aminopyridine DONALD B SANDERS, YONG I KIM, JAMES F HOWARD JR, AND C ALLEN GOETSCH 978

Chronic thinner intoxication: clinico-pathologic report of a human case ALFONSO ESCOBAR AND CRISTINA ARUFFO 986

Evaluation of the erythrocyte-UFA (E-UFA) mobility test for the diagnosis of multiple sclerosis J CUYPERS AND H REDDEMANN 995

Motor unit potential abnormalities in multiple sclerosis: further evidence for a peripheral nervous system defect ANDREW I WEIR, STIG HANSEN, AND JOHN P BALLANTYNE 999

Assessment of brainstem damage by the auditory brainstem response in acute severe head injury TAKASHI TSUBOKAWA, HIROSHI NISHIMOTO, TAKAMITSU YAMAMOTO, MORIHIKO KITAMURA, YOICHI KATAYAMA, AND NOBUO MORIYASU 1005

Abnormal regulation of prolactin release in idiopathic Parkinson's disease N F LAWTON AND J MACDERMOT 1012

Deprenyl in the management of response fluctuations in patients with Parkinson's disease on levodopa M SCHACHTER, C D MARSDEN, J D PARKES, P JENNER, AND B TESTA 1016

Difficulties in diagnosis of intracranial meningiomas by computed tomography P PULLICINO, B E KENDALL, AND J JAKUBOWSKI 1022

Folic acid and mental symptoms in children with epilepsy MICHAEL R TRIMBLE, JOHN A CORBETT, AND DAVID DONALDSON 9030

Seizure-induced neglect KENNETH M HEILMAN AND GREGORY J HOWELL 1035

SHORT REPORTS

Astrocytic differentiation in medulloblastoma R O BARNARD AND H PAMBAKIAN 1041

Intramedullary abscess—a rare complication of spinal dysraphism R S MAURICE-WILLIAMS, D PAMPHILON AND H B COAKHAM 1045

Book reviews 1049

Notice 1052

No 12 DECEMBER 1980

Giant aneurysms of the carotid system presenting as visual field defect J B PEIRIS AND R W ROSS RUSSELL 1053

Unsuspected organic disease in chronic schizophrenia demonstrated by computed tomography D G CUNNINGHAM OWENS, E C JOHNSTONE, G M BYDDER, AND L KREEL 1065

Changes in nerve function and nerve fibre structure induced by acute, graded compression B RYDEVIK AND C NORDBORG 1070

A technique for anodally blocking large nerve fibres through chronically implanted electrodes G S BRINDLEY AND M D CRAGGS 1083

"Turns" analysis in the physiological evaluation of neuromuscular disorders H A GARCIA, H S MILNER-BROWN, AND M A FISHER 1091

A study of the incidence of epilepsy following ECT D H R BLACKWOOD, R E CULL, C P L FREEMAN, J I EVANS, AND C MAWDSLEY 1098

Estimation of the brain and spinal cord conduction time in man by means of the somatosensory evoked potentials and F and H responses J SIIVOLA 1103

Reflex responses of paraspinal muscles to tapping M R DIMITRIJEVIC, M R GREGORIC, A M SHERWOOD, AND W A SPENCER 1112

Quantitative assessment of smooth-pursuit eye movements in healthy and epileptic subjects P BITTENCOURT, M A GRESTY, AND A RICHENS 1119

A patient with reflex myoclonus and muscle rigidity: "jerking stiff-man syndrome" P N LEIGH, J C ROTHWELL, M TRAUB, AND C D MARSDEN 1125

Double-blind comparison of single doses of DS103-282, baclofen and placebo for suppression of spasticity N HASSAN AND D L MCLELLAN 1132

The effect of an antiserotonin agent pizotifen on platelet aggregability in migraine patients S MAZAL AND E A RACHMILEWITZ 1137

SHORT REPORT

Thyrotropin secreting pituitary tumours: a cause of hyperthyroidism IBRAHIM S SALTI, NUHA NUWAYRI-SALTI, RONALD A BERGMAN, SAMI I NASSAR, KAMEL F MUAKKASAH AND ITAF FAKHRI-SAHLI 1141

Letters 1146

Book reviews and notice 1149
